## RETURNS FROM EUROPE

J. C. McDonald Tells of Trip Through the British Isles.

John C. McDonald, who has spent the last four months touring the British Isles, returned to this city, Friday evening. Mr. McDonald reports a most delightful trip, but at the same time says that he is glad to once more tread American soil. While away Mr. McDonald visited all the principal cities and points of interest in England, Scotland and Ireland. London and Dublin were the only two cities which appealed to him as being strictly up-to-date and more closely resembling the cities of the United States. In these cities, and especially London, there is a continuous bustle and display of business activity such as we find in Chicago and New York. On the whole there appears to be a lack of enterprise among the people of Great Britain and the majority of the cities which he visited impressed him as being about fifty years behind the times. The conditions of that country are not of the best at present and, like the United States, there seems to be a depression of business in every line. Many of the large manufacturing institutions have closed, throwing thousands of men out of employment. There also prevails a stringency in the money market. However the people look at the situation in a cheerful manner, and expect that times will gradually become more prosperous as the season progresses. Mr. McDonald was surprised to find that the people of Great Britain take such a deep interest in the affairs of the United States. In fact many with whom he talked were better versed on this country than some of our own citizens. They had much to say regarding President Roosevelt and considered him a wonderful man. The "Teddy bear" is as popular in Great Britain as in the United States, and many of the well young people of London are wearing different articles of apparel named after the President, such as Roosevelt hats, "Teddy" belts and etc. Mr. McDonald made his return voyage across the Atlantic on the steamship Columbia of the Anchor Line. The passage was anything but a pleasant one. For four days the sea was unusually rough and the waves were most of the time sweeping over the decks of the big vessel. None of the passengers were allowed to leave the cabins, and there were many cases of sea sickness. As Mr. McDonald has crossed the water on three different occasions he was proof against this malady.

## HERE IS ANOTHER CONUNDRUM.

Since some of our people commenced studying the general city charter, under which we have been governed about six years, a number of interesting questions have arisen. One of the latest that has come up for solution is, "Is an alderman eligible to the office of member of the board of education?" Some of the lawyers whose attention have been called to the subject have reached the conclusion that he is not. And certainly that seems to be a logical conclusion—if members of the board are city officers. For many years, with only brief intervals, aldermen have also been members of the school board and at the present time Walter Eddy holds both offices. Mr. Eddy, who has served as one of the members of the board of education from the Fifth ward for several years, tendered his resignation to President Collins, Saturday. Mr. Eddy is also an alderman from the Fifth and says that he does not care to hold an office if there is any question as to his right under the law to the same. Mr. Eddy has made an excellent member of the school board and it is hoped that in filling the vacancy caused by his resignation another good man for the place will be selected.—Stevens Point Journal.

## HAS GIGANTIC UNDERTAKING.

Editorially speaking the New London Press says: Mayor Anderle of Rhineland, in his inaugural address to the council said: "There seems to be quite a difference of opinion as to what is a proper regulation of the sale of intoxicating liquor in this city. It is the intention of this administration to handle this matter in a way that will be satisfactory to all." If the mayor handles it so it will be satisfactory to all, he has a gigantic undertaking and will be the only mayor in America that has ever done it.

## RETAIL CLERKS' ASSOCIATION.

At a meeting of the Retail Clerks International Protective Association Tuesday evening the following officers were elected: Pres.—H. V. Haskins. 1st. Vice Pres.—Louis Danner. 2nd. Vice Pres.—Oscar Amundson. Treasurer—P. L. Whitler. Cor. Fin. Sec.—J. Busch. Recorder—LeRoy A. Lockwood. Guard—Peter Nelson. Guide—George Gleason.

## STILL AT LARGE.

Ed. Phillips, the slayer of O. Johnson, who escaped from Sheriff Bartle of Lincoln county, at Heaford Junction last Thursday morning, has not as yet been re-captured. At the time of his escape Phillips was handcuffed and it is thought that friends have removed the irons from his wrists and have assisted him in evading the officers. Phillips broke away from the sheriff at about one thirty o'clock while on the station platform at the Junction awaiting the arrival of the Soo limited train to this city. The sheriff chanced to turn his back and upon again looking around found that the prisoner had disappeared. The alarm was immediately sounded and the country in the neighborhood of the station thoroughly scoured but without success.

Phillips had signified his desire to plead guilty to a charge of manslaughter in the third degree, the punishment for which is from seven to fourteen years in the state prison. He was being brought here to plead guilty before Judge Silverthorne. Phillips had worked around Tomahawk Junction for several months. He has a wife and children living at Medford, but it is said he separated from his family two years ago. He is a man of an ugly disposition and a report is current that he has served a term in prison for another crime. The following description is given of him:

Age 23, height 5 feet 7 inches, weight 145 pounds, brown hair and mustache, week's growth of beard; attired in grey checked coat and vest, brown shirt, dark grey striped pants, rubbers. Both eyes are discolored, scratch on left side of nose, depression in top of skull.

## MARRIED.

Friends in this city have received word from Big Lake, Wash., stating that Miss Minnie Carlson and A. E. Lockwood, both formerly of Rhineland, were recently married. Miss Carlson was at one time employed as saleslady at the Peoples Savings Store and Mr. Lockwood held a position here as book-keeper with one of the lumber firms.

Spokane friends of Miss Genevieve King, of Phoenix, Arizona, formerly of Hayden, Lake, have received word of her approaching marriage, which will take place at Phoenix, May 20th, when she becomes the bride of E. A. Goodrich, who is general sales agent of the timber interests of the Milwaukee Lumber company. Miss King is the daughter of C. D. King, and until last October lived in Hayden Lake and was one of the frequent guests at society functions in Spokane. Mr. Goodrich has resided in and around Coeur d'Alene for the past six years, formerly coming from Wisconsin. He is a prominent Mason being a Shriner. A brief honeymoon will be taken after the wedding, visiting Pacific Coast points, returning to Coeur d'Alene by July 1st.—Spokane Evening Chronicle.

## AN ENJOYABLE PARTY.

Few social affairs given in Rhineland this year have proved as pleasant and enjoyable as the Promenade of the High School Juniors at the Armory, Friday evening. About sixty couples were in attendance. The decorations of the hall were pretty and tastefully arranged. The class colors of the Juniors, red and white, and the Senior colors, cardinal and gold, were much in evidence. Cozy corners were placed at intervals about the hall and refreshments in the form of fruit punch were served during the evening. The Military Orchestra rendered the music. Financially, we learn that the party was not a success, however, the genuine good time which everyone had, amply overbalanced the small money loss.

## HAVE LOOTED THE STATE.

Secretary of State James A. Frear has issued a letter to all fair officials to the effect that county fairs will no longer be given an opportunity to loot the state because of the state aid offered. Where all such willful violations have been discovered prosecutions may follow. During the last year the state paid \$23,000 to the aid of county fairs. In many cases the reports given by the county fair authorities have been found to be inaccurate and the mistakes have been corrected. In one instance the presentation of an illegal certificate has resulted in a conviction and fine of \$50.00. Over \$800.00 was deducted by the state from the sworn statement furnished by that association. In order that the law regarding this matter can be properly explained to a meeting of county fair officials which will be called at Madison.

## CENTRAL HEATING PLANT.

The question of heating groups of buildings effectively and economically has been solved by the building of central heating plants. Such a plant was completed last summer at Ripon College, Ripon, Wis. The president of the college, Prof. R. C. Hughes, after making a thorough investigation of similar plants pronounces the Ripon College system the most satisfactory in every respect of any with which he is familiar.

## WROTE TO MURDERESS.

Henry Reid Barely Escapes Mrs. Gunness' Death Trap

Henry Reid, who owns a farm in Manitowish county, was in the city Monday on his way to Merrill to visit relatives. The Gunness case at La Porte, Ind., which at the present time is attracting such wide attention, appeals to Mr. Reid, as more interesting than does the affair to the majority of newspaper readers. In March 1907, Mr. Reid, who is a bachelor, answered one of Mrs. Gunness' matrimonial ads which appeared in a Chicago paper. He received an immediate reply from the woman who in the letter asked considerable regarding his financial affairs. She also wanted a full description of his farm and asked directly how much ready cash he had in his possession. He wrote that it was necessary that he have at least \$1500 and if he could raise this amount she would consider him as a favorable suitor (victim would not doubt have been a better word.) Reid after considering the letter concluded that the woman was only looking for a little easy money and wrote her a strong letter to this effect. In a couple of weeks' time he received another letter from Mrs. Gunness in which she wrote that he had formed the wrong opinion of her and was looking only for a husband who could love and protect her but that it was necessary that he have some money to defray expenses of running her large farm. Reid never replied and paid no further attention to the matter. He still has both of the woman's letters in his possession. Mr. Reid says that his bones would not doubt have now been among those in the carriage shed of the Gunness farm, had he proved as easy as the rest of her victims. Mr. Reid will return here Saturday and then intends to go to La Porte to visit, out of curiosity, Mrs. Gunness' private grave yard which he so narrowly escaped.

## MORTGAGE FORECLOSED.

Henry Hay, the owner of the mortgage on the Antigo Republican printing plant, started foreclosure proceedings some time ago and this morning a sale was practically made, but adjournment was taken at the instance of the bidders. The mortgage with accrued interest was something over \$2,600. C. O. Marsh, former owner of the Republican, bid in the property at the face value of the mortgage. He did this in order to protect his interest, he having not been paid in full for his interest at the time the sale was supposed to have been made to the Republican Pub. Co.—Antigo Journal.

## AMUSEMENTS.

Next week at the Bijou Family Theatre, LeRoy and Ludlow will be the head liners; they come highly recommended to the management. They come direct from the Hay Market Theatre, Chicago, and their act alone is well worth the price of admission. The Bijou management is putting on several new and novel means of advertising, which are proving quite interesting to old and young. Friday night of each week, some patron will secure a nice present by holding the lucky ticket. The Bijou gives two complete shows each evening, also two matinees a week, Wednesday and Saturday, at four o'clock. Prices remain the same.

## BAN ON SCHOOL "SKIPPING."

The board of education of Tomahawk has adopted the following resolution regarding the "skipping" school habit among the pupils: "Any pupil leaving the school grounds to attend any fire, street parade, or for any other reason, without the consent of the teacher shall be required to secure the written consent of a majority of the Board of Education before he shall be permitted to return to school. Any repetition of the offense shall be punished by indefinite suspension."

## FORMER MAYOR SOMERS HOLDS.

"Can a man who has only taken out his first papers legally act as mayor," is the question which is agitating Cheatek. Dr. W. G. Malcolm was elected mayor in April. It develops, according to the records of Barron county, that he took out his papers in 1895, but there is nothing to show that he has taken out his second papers. Dr. Malcolm thinks that he can prove that he is legally qualified, but former Mayor Somers like many other Cheatek citizens says, "Show us." It is said action will be taken to oust Dr. Malcolm, unless he presents proofs that he is a full fledged citizen. In the meantime, Cheatek has two men who claim they are mayor—Dr. Malcolm and Mr. Somers, the latter holding that he retains the office until his successor qualifies.—Milwaukee Sentinel.

the Source of Most of Women's Sicknesses.

Rebecca Mock, 1795 E. Rich Columbus, Ohio, writes: "I believe I would still be a victim of kidney troubles but for Doan's Kidney Pills, for when I started using them I was in constant pain with my back, and no other remedy had been of any use. The kidney secretions were irregular, and I was nervous and lacked energy. But Doan's Kidney Pills gave me prompt relief and continued use cured me." "I will buy a box of them by all dealers, 50 cents a box."—Millburn Co., Buffalo, N. Y.

"I want to thank you for the relief you have given me. I have suffered from feminine illness for many years, and after taking Lydia E. Pinkham's Vegetable Compound, I feel like a new woman. I am now healthy, and well as ever, and thank you very much for what you have done for me."

Judging from the number of men who were hired to fight by that "matrimonial" ad. Mrs. Guinness must have certainly believed that it pays to advertise.

Although President Roosevelt is not a candidate for the republican nomination for president, he has received seventy-six delegates the past few days. This tends to drive the anti-Roosevelt forces to Taft.

The New North office receives a letter from Sherble Beck receiving his candidacy for governor. We are not aware that Sherble was such a howling success as mayor of Milwaukee that he is entitled to the office of governor.

Saturday May 30th is Memorial Day and arrangements have been made for its proper observance in Rhinelander. It is the duty of every true American citizen to pay fitting tribute on this occasion to the departed heroes of the nation.

Jack O'Brien has been put on the police force. There are now four men on the force, two day men and two night men. Jack was such a booster for the mayor during his last campaign and according to political ideals the faithful must be rewarded.

C. O. Merica now a prominent lecturer hailing from Warsaw, Indiana, has been elected president of the University of Wyoming. Mr. Merica was Professor of Political Economy at Lawrence University many years and was superintendent of the reform school at Waukesha. He is well known in Wisconsin and has lectured in Rhinelander several times.

Mr. Foster's organ, The Sentinel, announces that Edward S. Minor will again be a candidate for congress from the ninth district. Congressman Kusterann defeated Mr. Minor at the republican primaries two years ago. Although Mr. Minor is not in accordance with modern reform movements, he states he was always in favor of the policies of the late William McKinley and Theodore Roosevelt. Those who know Mr. Minor's record, are fully aware that he is a Babcock style of a man and he should be defeated at the primaries.

Mr. Swan, who came here from Chicago about two weeks ago, at the solicitation of the stockholders of the republican printing office, with the view of purchasing the plant in case the business justified it, left the city yesterday to seek a more lucrative site. The republican seems to be afflicted with an inertia of uncertainty in getting a papa for it. Until a parent is found, who is financially capable of supporting the decrepit, fatherless old republican, P. E. Prink will act as its guardian.—Antigo Journal.

Mr. Ogden is right. A paper that is owned by a stock company and is run by their hired man, has no real mission and soon is compelled to go out of business.

city of Wisconsin attacks the theory that the workman should be left "free" to make contract for his toil in long hours. He says:

"Until recently economists were inclined to limit regulation of labor conditions, and especially hours of toil, to children, young persons, and women, leaving adult men 'free' to make their own contracts. But experience has shown conclusively that while adult males as a rule are in a far better position in the labor contract than the other classes mentioned, unregulated contract does not always conduce to freedom and fair opportunity, but frequently means bondage and degradation. Science can draw no arbitrary line between labor legislation for women and children; cases must be judged as they arise, on their merits."

**PARALLELS IN POLITICS.**  
The Lancaster Teller is startled by the number of similarities between the presidential campaigns of 1860 and 1896.

Then the overshadowing figure of the situation, prior to the convention, was Seward; William H. Now he is Taft; William H.

Seward was supposed to be certain of the nomination. Now Taft is. Seward hailed from the east. Taft hails from the east, although a little farther west than Seward did.

The convention of 1860 was held in Chicago. The convention of 1896 is to be held in Chicago.

Starting as these facts are there are others that make the two campaigns more closely alike. Lincoln was a western man who had a national reputation gained mainly by speeches he had made on the great questions of the day, in which he had advanced original ideas. LaFollette is a western man who has acquired the same sort of reputation, and in the same way.

Lincoln had served in the house of representatives. LaFollette has served in the house of representatives.

Seward went to the convention of 1860 with the largest number of votes, but among the delegates were a great many who felt that he could not be elected.

The great editor, Horace Greeley, sat in the convention as an alternate from Oregon, his own state having refused to send him as a delegate because he believed he could not be elected. (He might have had some other reasons, but this is the one he gave.)

Seward was not nominated. May be Taft will not be. At any rate the argument that Greeley used against Seward will be the strongest that can be used against Taft, and to secure the nomination of LaFollette.

The Teller closes his parallel with the unqualified assertion. "Taft cannot be elected." This is the parallel of the editors.

**WEAK KIDNEYS MAKE WEAK BODIES.**  
Kidney Diseases Cause Half the Common Aches and Pains of Rhinelander People.

As one weak link weakens a chain so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of waste poison in the blood.

Aches and pains and languor and urinary ills come, and there is an ever increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except Kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ills. Chas. Warnick, living in Cranston,

Wls., says, "I am well pleased with the results I obtained from using Doan's Kidney Pills. My boy about twelve years old suffered from weak kidneys for several years. We tried a number of different remedies but failed to get relief for him. A few weeks ago I sent to a drug store and procured a box of Doan's Kidney Pills. He began using them and soon got better. He has been improving steadily since and I am sure a few boxes of Doan's Kidney Pills will cure him entirely. I heartily recommend them to others."

Weekly Budget Gathered by Our Special Correspondent at Madison.

Madison.—Secretary of State Frear has received the official returns of the vote of Burnett county at the recent election, thus completing the official returns of the vote of the entire state. The total vote cast for delegates from the state at large to the national Republican convention was 640,501. The total vote of each of the four candidates elected was as follows: Col. W. C. Drummer of Milwaukee, 122,155; Congressman H. A. Cooper of Racine, 117,666; Senator Isaac Stephenson of Marinette, 106,712; former Railroad Commissioner Atley Peterson of Soldiers Grove, 95,245. Winkler of Milwaukee, 50,233; Adolph A. Houtland of Koe River Falls, 40,515. There were three scattering votes. The total vote for delegates from the state at large to the national Democratic convention was 235,414, or less than one-third of that cast for the Republican delegates at large. The Democratic candidates, however, did not have any opposition at the polls. The total vote of each of the delegates to the national Democratic convention is as follows: Attorney John A. The total vote cast for candidates for delegates for both the Republican and Democratic national conventions was 845,915, and as each elector had the privilege of voting for four Republicans or four Democrats, this total vote represents 211,478 electors. It is presumed that all of the electors who voted did not vote for delegates from the state at large because the total vote for member of the supreme court was 23,436. Attorney John Barnes of Rhinelander, former chairman of the state railroad commission, received a total vote of 13,442; Justice M. B. Henshaw of Madison, a total vote of 8,456, and Attorney William Rucker of Janesville, a total vote of 15,158. There were 30 scattering votes. Barnes' plurality is 49,986 and his majority is 34,818.
